WESTON™

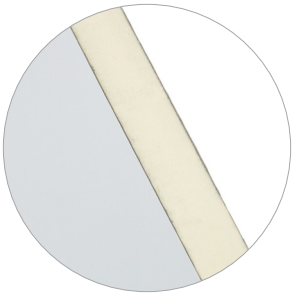
BRUSHED SMOOTH FIBERGLASS SERIES

WHY CHOOSE WESTON™ FIBERGLASS DOOR SERIES?

Weston doors offer the perfect balance of beauty and performance. With a design that mimics the elegance of real wood, these fiberglass doors bring lasting durability and a sophisticated look to your home. Weston doors withstand any climate, creating a strong entryway that resists warping, cracking, and rotting, requiring minimal upkeep.

AUTHENTIC WOOD-LIKE TEXTURE
WITH A BRUSHED FINISH

Experience the classic elegance of a wood door with the Weston Series. Unlike many fiberglass doors that offer a smooth finish, Weston doors stand out with their unique brushed finish that closely mimics the natural texture of wood. This distinctive finish enhances the visual appeal, adding a modern touch that brings warmth and charm to your home while making your entryway beautiful and authentic.



ENHANCED ENERGY EFFICIENCY
WITH POLYURETHANE FOAM CORE

Keep your home comfortable throughout the year with an insulating polyurethane foam core. This thermal barrier helps maintain a consistent indoor temperature by trapping air and resisting heat flow, improving energy efficiency and lowering energy bills.

ADDED PROTECTION
WITH FIRE-RATED & SECURITY OPTIONS

Protecting your home is our top priority. Weston fiberglass doors enhance the security of your home and family, offering lasting durability and peace of mind. They resist impact and damage, and a steel reinforcement plate behind the frame adds extra strength to protect against forced entry.

Upgrade to multi-point locking hardware for added security at multiple points for improved stability. Fire-rated options‡ are available in select styles, providing added protection between your house and garage.

‡ Reference product configurator for availability. Fixed hinge only.

MORE NATURAL LIGHT & VISIBILITY
WITH MODERN GLASS OPTIONS

Enhance your home's curb appeal with stylish glass doors that maximize natural light and create a bright, welcoming atmosphere. Choose between two styles:

Framed Glass: Features a sleek, visible frame surrounding the glass, offering a timeless look.

Frameless Glass: With no visible frame, this modern style offers clean lines and more glass exposure, allowing more natural light to fill your home and creating a brighter, more open space.

FIT AND FUNCTION FOR YEARS TO COME
WITH ADJUSTABLE HINGE

As houses settle and respond to seasonal weather changes, it can cause doors to shift—leading to drafts, difficulty opening and closing, and unnecessary wear. Weston's adjustable hinge plate system† makes it easy to maintain a perfect fit, allowing you to make quick adjustments without professional help. These adjustments ensure a tight seal and smooth operation, keeping your entryway secure and weathertight year after year.

LASTING BEAUTY
WITH THE WESTON WARRANTY

Everyday life can be tough on a door—kids, pets, and delivery drivers handling boxes. Weston's durable fiberglass finish resists dents, scuffs, and scratches, helping your entryway stay flawless despite the wear and tear of daily life. Plus, with a limited lifetime warranty, you can enjoy beauty and peace of mind for years.

† Not available on fire-rated doors.

DOOR & SIDELITE STYLES

Customize your entryway to reflect your unique style. The Weston Series offers a variety of design options, each tailored to enhance your home's curb appeal.
